

VISION AND VALUES WORKSHOP

EXECUTIVE BRIEFING OVERVIEW

Are you ready to harness the incredible potential of Microsoft Copilot for your organization's success? Join us for a three hour workshop designed to familiarize, envision, and understand how to leverage Copilot for maximum results!

Microsoft Copilot isn't just another tool – it's a game-changer. With Copilot, you can interact with your organizational data like never before, leveraging cutting-edge AI technology to streamline workflows, automate tasks, and enhance collaboration across Microsoft 365 applications.

Whether you're a seasoned developer or new to the world of AI-driven tools, this workshop will equip you with knowledge and strategies to implement Copilot effectively within your organization.

PARTICIPANT BENEFITS

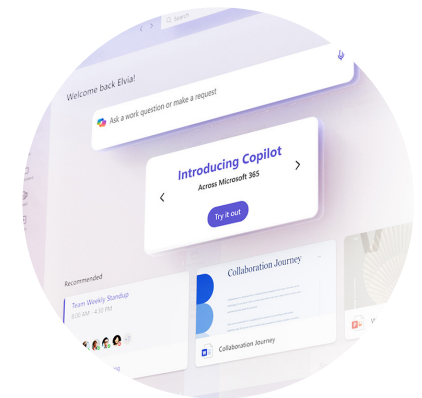

-  Get answers to your burning questions and concerns about implementing Copilot within your organization.
-  Walk away with a clear roadmap and actionable strategies to kickstart your Copilot journey.

WHO SHOULD ATTEND

- IT Professionals
- Developers
- Data Analysts
- Business Leaders
- Anyone interested in leveraging AI for organizational success

WORKSHOP MATERIALS

Workshop materials are comprised of a lecture, interactive exercises, documentation, examples, and Q&A sessions.

CURRICULUM HIGHLIGHTS

Core Knowledge

A strong understanding of Copilot, its benefits, and its component parts.

Risk Mitigation Best Practices

Privacy, labeling, and other security considerations to keep data secure.

Introduction to Integration and Deployment

Insights into best practices for adoption planning and prepping your organization for implementing AI-driven tools.

WORKSHOP OUTLINE

Copilot Overview

- Capabilities
- Types
- Benefits
- Examples: Word, PowerPoint, Outlook, Teams, Excel

COURSE INSTRUCTORS & ACCREDITATION

Our company is made up of Microsoft Certified Professionals. Further, as a Microsoft Solutions Partner company, we have our thumb on the next generation of technology. This workshop will be taught by an industry professional deeply versed in AI and Microsoft technologies.

Advisicon's goal is to improve your processes and technologies, thus creating measurable results. For over 30 years, we have successfully helped clients accelerate, adapt, and achieve.

PAIN POINTS THIS WORKSHOP SOOTHES

WHICH COPILOT SHOULD I USE?

Explore the diverse perspectives of Copilots, their varying responses to identical queries, and the factors influencing their ability to deliver expert insights or remain unable to respond.

WE HAVE A TON OF DATA BUT CAN BARELY GET INSIGHTS FROM IT.

We'll teach you how Copilot links into your systems and what data it can and can't use, helping you navigate data complexity and reducing the headache of information overload.

HOW DO WE KNOW DATA STAYS PRIVATE & SAFE?

Learn how Copilot prioritizes security, ensuring compliance with regulations and safeguarding sensitive information.

MY ORGANIZATION DOESN'T KNOW HOW TO PLAN AND DEPLOY AI AT SCALE.

Advisicon's workshop equips you with tried-and-true strategies to overcome implementation barriers, ensuring successful integration and maximizing benefits across your organization.
