Will use kadence, but will there be too many unused blocks to see in the page editor and should we “unregister the unneeded blocks” so the editor looks clean.

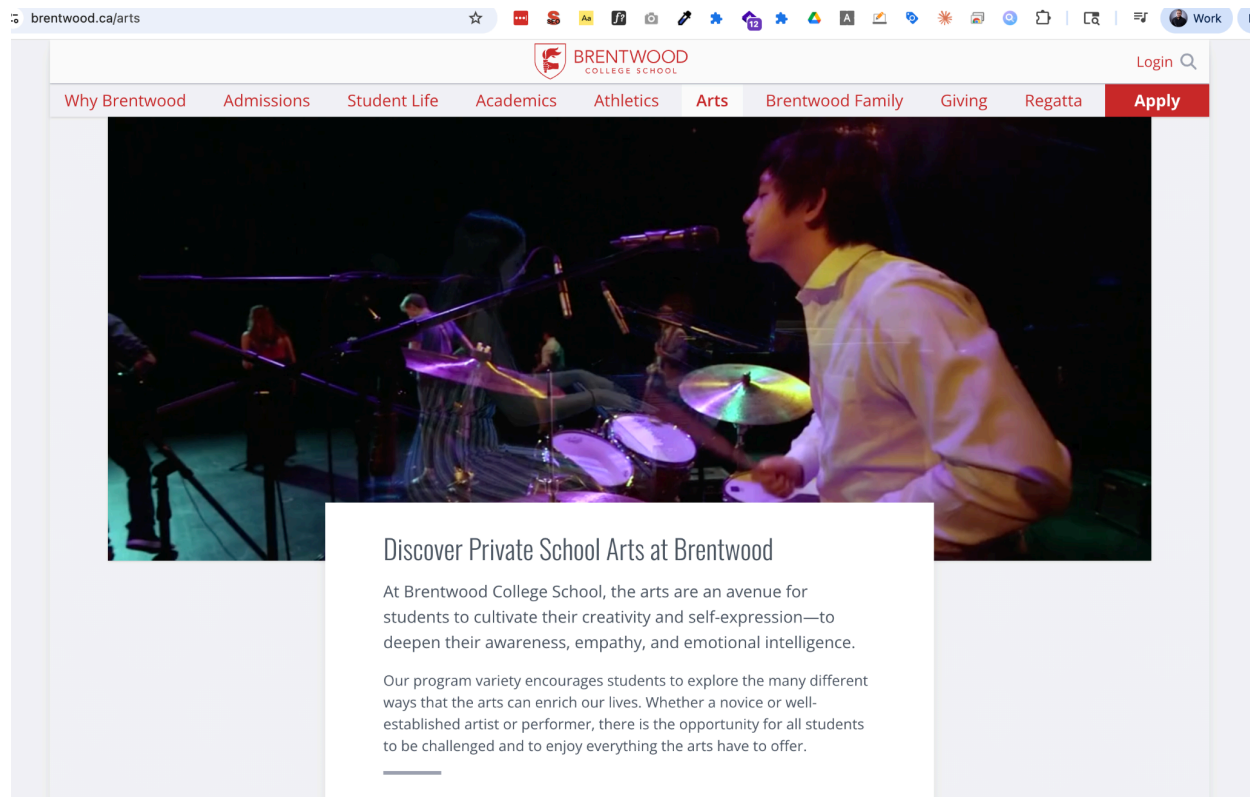

Dark mode

<https://www.brentwood.ca/arts/arts-gallery>

I only found dark mode on this page, I need to check with Rian if a dark mode feature is needed on certain pages. The development suggestion is that this dark mode is not needed if it is not required for efficient setup. Unless there is a higher budget for 2 stylings in the customizer.

Page Title with Embed Youtube

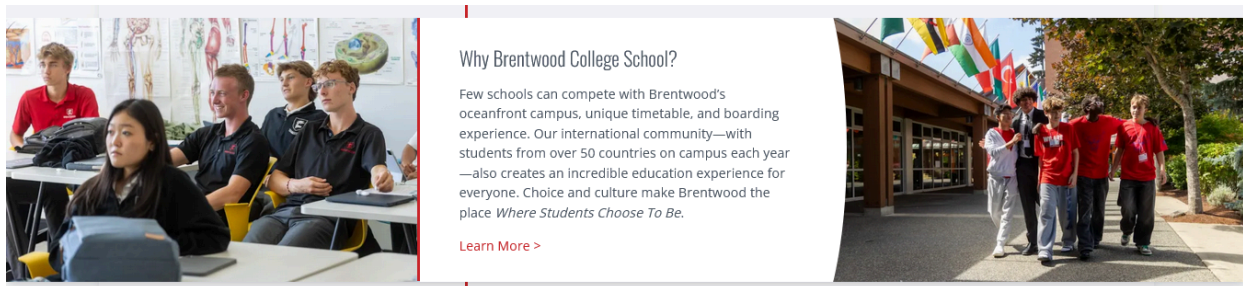

This page title essentially has several variations of “featured image” on the brentwood site, including at least these 5 types:

1. Standard featured image using a static image
2. Featured image displaying a slider with dot navigation.
3. Featured image displaying an Mp4 video
4. Featured image displaying Youtube with a controller play button.
5. Featured image with dual image

Custom block: Text with Dual Image

Location: <https://www.brentwood.ca/>

Left and right images, with text area in the middle. It seems simple but i think not as this simple, should also consider the mobile collapse. I would suggest we have a custom block for this.

Table layout for links

We can have a simple block to output “table like” links

Achieving Excellence in Private School Academics

“Brentwood will set the standard globally for inspirational and transformative learning.” - Brentwood Strategic Plan

As a university preparatory school, the pursuit of academic excellence is one of Brentwood’s fundamental aims. Our curriculum is built around authentic learning opportunities that allow our students to experience a wide variety of teaching styles and learning techniques. Our academic schedule is flexible—enabling students to take courses that provide the best learning experience and strongest academic support. The teaching staff are committed to inspiring students and helping them discover a passion for lifelong learning.

Video block

A block to display video + text , with several layout options. Eg Layout 1, Layout 2, Layout 3, and so on.

Source vid: can select source for Youtube, or file (eg Mp4)

With button Play video icon when clicked.

Need to ask Rian do we need to improve consistency by having less layout options across the sites not different layout in different page without consistency styling.

Location: <https://www.brentwood.ca/academics>

Lightbox Image with Border Line and Text

See the image has a zoom icon, if it is negotiable perhaps can have this non clickable and we can just use Kadence Row.

Location: <https://www.brentwood.ca/academics>

Consider negotiating to have it without the + icon lightbox.

“

The Brentwood experience has been transformational for our daughter. She went from having little confidence in her academic potential to earning academic honours and demonstrating a true love of learning. The unique schedule and tripartite program provide a balance of structure and independence that's important for teens by having academics in the morning to allow for sports and arts in the afternoon. In addition to inspiring teachers, the hands-on support from house staff is phenomenal. They are there for her 24/7, when needed, while helping her to build confidence and self-advocacy. Our daughter's Brentwood experience is the best decision we've made as parents.

Custom block: Table link

Perhaps can use table link layout 2.

Advanced Placement Courses

Brentwood's versatile timetable allows students at any grade level to take advantage of the many Advanced Placement (AP) options offered at the School.

These courses are designed by the US-based College Board and provide a curriculum equivalent to first-year university-level courses. Over 1,000 post-secondary institutions in the USA and Canada regularly grant advanced placement into a second-year course, or first-year course credit, to students achieving AP examination results of 4 or higher.

The exam associated with each course occurs in the first two weeks of May and students commit to writing the exam by enrolling in the course. In the case of biology and chemistry, students begin their journey to AP at the Grade 11 level and complete the course in Grade 12.

AP Biology 11	AP Biology 12	AP Calculus AB 12

“

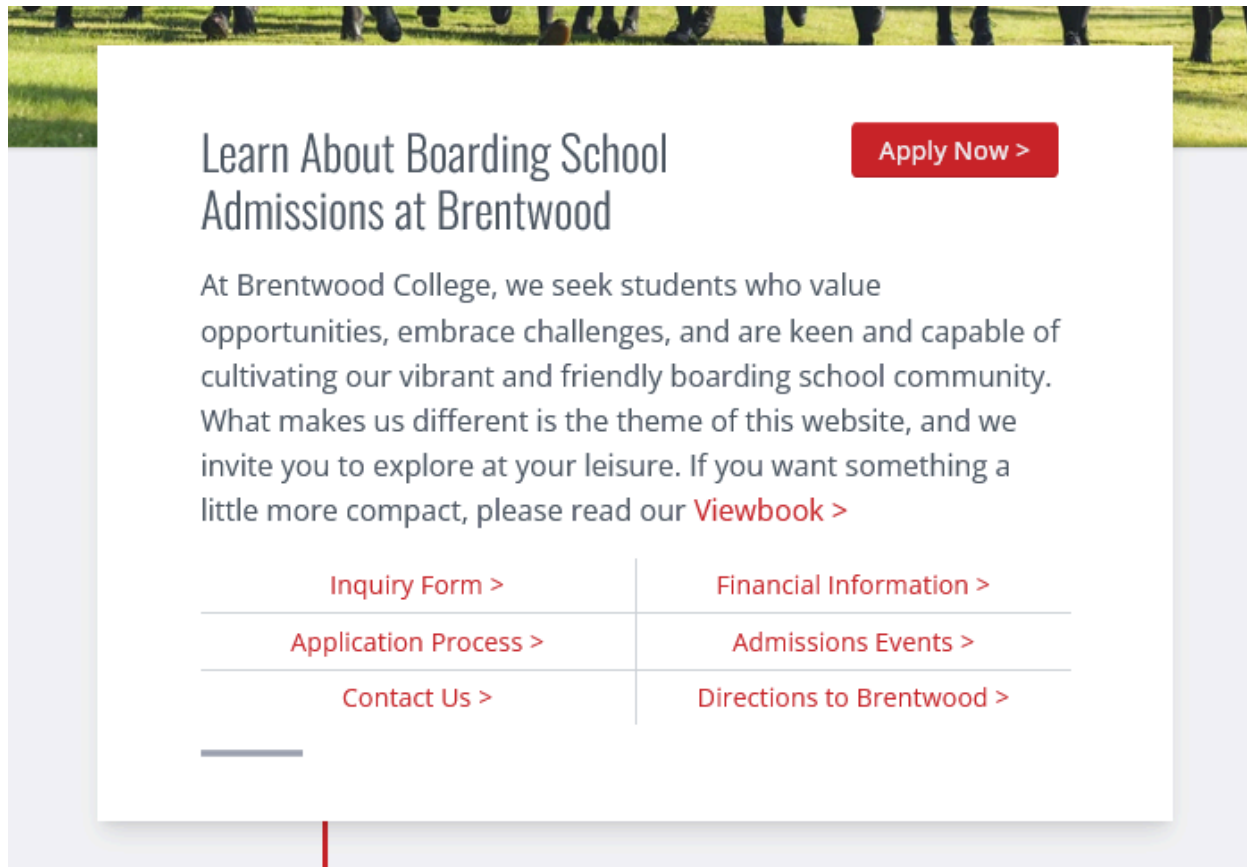

What I'm taking with me into university from Brentwood—into my next year at Princeton, in the States—will be the work ethic that I've developed here. Having “Prep” here every night is very helpful. I think I have positive habits that will help me succeed wherever I go.

Playing Fields & Tennis Courts

Brentwood has four grass sports fields, a turf field, and eight tennis courts—providing ample space and opportunity for our athletes to train and compete. Throughout the year, Brentwood hosts a number of sporting events and welcomes teams who use our facilities for training camps and exhibition games, as well.

Nutrition

Nutritious, delectable food and the sharing of meals among friends is central to life at Brentwood. We are happy to accommodate a variety of dietary needs and preferences and our Food Services Team works tirelessly to prepare warm, comforting meals four times per day (including the beloved Brentwood Cookie Break, after the first academic class of each morning), along with a large selection of healthy, whole, self-serve options at every meal.
