

**DAISHOWA-MARUBENI  
INTERNATIONAL LTD.**

## **Peace River Pulp Division**

# **Maintenance Technician- Machinist or Millwright Journeyperson**

The **DMI Peace River Pulp Division (PRPD)** is an integral part of the Canadian forest products industry, providing the North-West, Alberta region with approximately 300 jobs while sustainably managing the forests. A career at DMI PRPD offers an opportunity for growth, meaningful work and a collaborative learning environment. Throughout your career you will be supported by a team of highly skilled professionals and provided the self-motivating environment needed to make your goals achievable.

The Peace River Pulp Division has an opportunity for a highly motivated individual to fill the position of Journeyperson Machinist or Millwright within our Maintenance Department. In this role, the successful candidate will be responsible for the machining, maintenance, troubleshooting, and repair of mill equipment. The successful candidate will be self-motivated, have a strong work ethic and be a team player.

### **Roles & Responsibilities**

- Machining, install, maintain, repair and troubleshoot machinery, mechanical, and pressure equipment.
- Competency in reading and understanding technical documents including drawings, schematics, service manuals.
- Complete hazard assessments to ensure work is executed in a safe fashion.
- Development, improvement and adherence to safe work practices and procedures.
- Entry of work requests for initiation of work to be conducted.
- Closure of work orders with descriptive detail of actual work performed.
- Steady progression towards achieving the highest level of tech progression within the department.
- Adherence to the Pressure Equipment Integrity Management System .
- Awareness and adherence to DMI PRPD Policies and Procedures.
- Compliance to PRPD core values.
- Assist with hiring of department personnel.
- Available for lead technician coverage when appropriate.
- Shift coverage and SWAT (Scheduled Weekend Coverage and call-ins as required).
- Additional duties as required.

### **Qualifications and Experience**

Candidate must possess a High School Diploma, or equivalent. Must be an Alberta Certified Machinist or Millwright Journeyperson or out of Province Machinist or Millwright Journeyperson with Inter-provincial Red Seal.

### **Candidates should also have:**

- Mechanical aptitude with strong troubleshooting abilities.
- Strong interpersonal and team building skills.
- Preparation and organizational skills, able to effectively plan and execute assigned work.
- Strong understanding of workplace safety, being a leader in safety awareness and positive mentor to peers.
- Two way communication skills, both verbal and written.
- Understanding of the influence maintenance has to other departments within the mill.
- Pulp Mill and Industrial Maintenance experience preferred.
- Background in preventative maintenance practices will be considered an asset.
- Experience with Microsoft Office and a computerized maintenance management system is considered an asset.
