
Job description

**** This position is located in Sidney, BC on Vancouver Island, 25 km north of Victoria. This opportunity is available for CNC Machinists who are local or will relocate. ****

Nicholson Manufacturing Ltd. is the leading manufacturer of log debarkers used in sawmills, OSB and plywood mills, and pulp mills, and Madill log loaders and yarders. Nicholson is currently looking for an Experienced CNC Machinist to join our team in Sidney, BC.

What a job with Nicholson Manufacturing can offer you:

- Competitive pay \$37.77/hr .- unionized, steady, year-round work which aims to provide our team of skilled workers peace of mind and stability in their work-life
- Extended health benefits and pension through the Machinists Union
- Work with leaders in the manufacturing industry - our equipment is sold and used across the globe
- Over 60 years in business with a bright future ahead
- Island Living in Beautiful BC! Sidney is located 25km from Victoria BC, on Vancouver Island. The lifestyle here is lived at a relaxed pace with beautiful scenery and the best climate in Canada. Check out videos about Sidney BC and about the company on our Indeed company page
- We are willing to assist with relocation costs for the right hire

What we're looking for:

- Journeyman machinist trade certificate, equivalent international accreditation, or substantial training and experience equivalent to Red Seal
- 3+ years of experience operating CNC machines in a manufacturing environment
- Ability to lift parts weighing 50+ lbs. on occasion and stand for the duration of the shift
- Ability and willingness to work day and afternoon shift (6:30-3:00pm, 4:00pm-12:30am)
- Experience with 5S and lean manufacturing practices
- Solid manual machining skills

What you'll be doing in this role:

- Operate CNC and manual machines to make our production parts ranging from small to very large (2 ton weldments)
- Accurately verify dimensions
- Prove-out new programs and perform setup changes
- Read engineering drawings
- Look for, suggest and implement process improvements

Job summary: We require a machinist to run production on large CNC and manual machines. The successful candidate will join the Machinists Union, Local 3.

Job Types: Full-time, Permanent

COVID-19 considerations:

Approved WorkSafeBC COVID-19 safety plan. Visitors highly limited, most office staff working from home, offset shift start times.
