

Inspector (Hamilton & Niagara) – 6 Month Contract

Driven by technology and fuelled by innovation, HSB is Canada's premier specialty insurance and applied technology services provider. Offering 150 years of technical and service excellence, we are focusing on emerging trends and unlocking new opportunities for clients. Today, we are accelerating, changing the future of insurance and risk solutions, for a modern world.

At HSB, we value the strengths and contributions of our diverse workforce. We offer continuous learning opportunities, giving you flexibility to grow in your career while enjoying a healthy work-life balance and a collaborative approach in our coast-to-coast network of offices. Become part of a rewarding and impactful workplace experience while seeing first-hand technologies and risk solutions that are changing the way we live and work.

HSB is much more! It's insurance. Engineering. Technology. To learn more about us, please visit www.hsb.ca.

Primary Objectives:

HSB Canada is currently seeking an experienced professional to join our team of field experts as an Inspector (Loss Control) servicing our Hamilton & Niagara territory during a 6 month contract. Working within this territory, the Inspector is responsible to identify and quantify areas of equipment-based risk, including potential areas of improvement, and share this expertise effectively both internally and with our client base. In addition, the Inspector contributes to and maintains strong relationships with clients and colleagues with a focus on risk reduction and customer service. This position is based from a home office.

Qualifications:

- National Board Inservice (IS) Commission is required.
- Certificate of Competence (COC) is required to perform jurisdictional inspections in Ontario.
- At least 3-5 years maintenance/operations experience including boilers/pressure vessels, refrigeration, and production equipment.
- Post-secondary technical education.
- Background in Marine, Mechanical or Stationary Engineering is recommended, but not compulsory.
- Knowledge of ASME code (boilers and pressure vessels) is an asset, but not compulsory.
- 2nd Class or above preferred.
- Strong oral, written communications and computer skills, including in report writing.
- Self-motivated with good organizational skills.
- Valid driver's license, access to a vehicle (mileage will be reimbursed) and ability to travel.
- Dedication to exceptional client service.

Creating and maintaining a work environment that promotes respect, diversity and dignity is important to us. We strive for equality in our workplace, to eliminate employment barriers, and promote a workplace based on principles which align with our company values and promote positive employee practices. Candidates requiring accommodation during any stage of our selection process should advise us of this; we will strive to work with individuals to find a suitable means to meet their needs.
