Thinking about a change?

We recognize that the construction industry is changing at a rapid pace and we continually strive to be at the forefront. Our core **values** empower people to deliver great careers to one another and develop creative solutions for complex problems on some of the most exciting projects. It doesn't matter what your expertise and craft is – there are no boundaries. We are a group of professionals with a variety of expertise within pre-construction, construction, and post-construction. To learn more, check out our [Cradle to Grave](#) services and hear from [our team](#) directly about what a career at EllisDon could look like for you. As you can see, we are a diverse bunch.

Above all, we are a group of individuals with unique experiences and at EllisDon, we choose to celebrate the strength in our differences, every day. EllisDon's commitment to Inclusive Diversity is to work together to create an environment where every employee feels safe to be their true and authentic self. Ultimately, EllisDon's purpose is to provide people with similar values the opportunity to achieve to their full potential; to deliver that opportunity for great careers to one another; and to contribute meaningfully to the community we share with others.

In case you're curious, here's what the industry **thinks of us** and some of the **impacts we've made to the communities we work in**.

You as a Boiler Technician will:

- Perform various maintenance and repair work on boilers such as: 1) Cleaning of the water and fire sides; 2) Replacement of water a fire sides gaskets; 3) Lubrification of the burners and boiler components; 4) Burner optimization.
- Perform limit and combustion testing on boilers.
- Assure compliance with combustion emission standards.
- Assure compliance of boiler-related equipment with oil and natural gas standards.
- Complete maintenance and service reports on boilers.
- Perform troubleshooting of defective equipment.
- Repair and replace defective parts on burners, fuel trains, controllers and boilers.
- Maintain equipment files documenting all work completed.
- Maintain an orderly and safe work environment.

Is this the right role for you?

- Minimum of five (5) years of pertinent experience with boilers and combustion.
- Gas and Oil Burner experience in industrial/commercial industry settings.
- Knowledge of electrical equipment and troubleshooting of electrical components.
- Reading and understanding of drawings (electrical and mechanical).
- Experience in mechanical piping and ability to trouble shoot mechanical equipment.
- Knowledge of regulations TSSA & ESA.
- Valid TSSA G1 Gas license and OBT Oil License.

EllisDon is proud to provide this unique career opportunity that provides continuous learning, opportunity for growth, and a competitive compensation package within an environment that is committed to inclusion and respects diversity.

Go ahead and be yourself. We'll pay you for it!

We are an equal opportunity employer. We welcome people of any age, culture, subculture, gender identity or expression, sexual orientation, nationality, ethnicity, race, size, mental or physical status, veteran status, religion, language, political opinion, working-style preference, family status, education, and socio-economic status. The EllisDon core values of *Integrity and Mutual Respect* welcomes **everyone**, at work and in the community, and our value of *Mutual Accountability*, means that we all have a role to play. As an EllisDon employee, this will ultimately be **your** commitment to Inclusive Diversity.

Accommodation for Applicants with disabilities will be made during the recruitment process when requested.

We are committed to providing a positive candidate experience and ensuring timely updates are provided to all candidates.
