

Junior Hydraulic Technician / Mechanic

FPS Fluid Power Solutions Inc is seeking a **Junior Hydraulic Technician / Mechanic** to join our team in Kelowna BC.

FPS is a regional distributor of Hydraulic and Pneumatic products and services. From our location in Kelowna, we offer sales, system design, service, and repairs to our customers throughout British Columbia and Western Canada.

If you have a **Mechanical aptitude**, like to work smart, safe and like to make a difference, *we want to hear from you!*

The key responsibilities of this role are:

- Shop Cleanup.
- Build and assemble hydraulic hose and tube assemblies as required.
- Disassemble, inspect, and repair hydraulic components as required.
- Assist with installation, repair, and commissioning of hydraulic components and systems.
- Travel to customer locations to assist with repair or installation of hydraulic components.
- Perform daily duties in a manner conducive to a safe workplace.
- Thoroughly and clearly document all work performed daily.
- Communicate professionally with customers when required.

Required Qualifications:

- Grade 12 or equivalent.
- Valid Class 5 Driver's License.
- Mechanical aptitude or an interest in industrial applications.
- Competent communication skills.
- Self-motivated with a strong sense of initiative and concern for the customer.
- Ability to work well in a team environment.
- Willingness to learn all aspects of Hydraulic Repair and Service.
- Hydraulic Repair experience is an asset.
- Machining and Machine Tool knowledge is an asset.

Don't have all the qualifications? Training is available for the right candidate.

Why join our team at FPS?

- Competitive salary with bonus opportunities.
- Full extended health and benefit program.
- Training opportunities.
- Positive team environment with growth opportunities.

We would like to thank all interested candidates; however, only those selected for an interview will be contacted.
