

Hydraulic Technician / Mechanic

FPS Fluid Power Solutions Inc is seeking a **Hydraulic Technician / Mechanic** to join our team in Kelowna BC.

FPS is a regional distributor of Hydraulic and Pneumatic products and services. From our location in Kelowna, we offer sales, system design, service, and repairs to our customers throughout British Columbia and Western Canada.

If you have a strong background in **Industrial and Mobile Hydraulics**, like to work smart, safe and like to make a difference, *we want to hear from you!*

The key responsibilities of this role are:

- Installation, repair, troubleshooting and commissioning of hydraulic components and systems.
- Travel to customer locations for troubleshooting, repair or installation of hydraulic components.
- Perform daily duties in a manner conducive to a safe workplace.
- Thoroughly and clearly document all work performed daily.
- Communicate professionally with customers when required.
- Build and assemble hose and tube assemblies as required.

Required Qualifications:

- Grade 12 or equivalent.
- Minimum 3 years Hydraulic Repair experience.
- Valid Class 5 Driver's License.
- Competency in reading technical manuals and writing service reports.
- Self-motivated with a strong sense of initiative and concern for the customer.
- Ability to work well in a team environment.
- Own the tools applicable to the position.
- Sawmill and Plywood industry experience is preferred but not required.
- Machining and Machine Tool knowledge is an asset.

Why join our team at FPS?

- Competitive salary with bonus opportunities.
- Full extended health and benefit program.
- Training opportunities.
- Positive team environment with growth opportunities.

We would like to thank all interested candidates; however, only those selected for an interview will be contacted.
