

HVAC Technician in Vancouver

We are looking for an experienced HVAC Technician to join our team in Vancouver and the lower mainland. As an HVAC Technician, you will be responsible for installing, maintaining, and repairing heating, ventilation, and air conditioning systems. Compensation will range from \$20.00 / hr – \$60.00 / hr depending on experience.

This opportunity has a schedule comprising day shifts, rotational Saturday duties, on-call evening shifts, and overtime. You'll collaborate with our team to provide top-notch heating, air conditioning, and gas installation services to commercial and residential properties. This opportunity will allow you to gain proficiency and broaden your knowledge.

This job will have you:

- Install, maintain, and repair heating, ventilation, and air conditioning systems
- Diagnose and troubleshoot problems with HVAC systems
- Perform routine maintenance on HVAC systems to ensure optimal performance
- Act as an ambassador to Truth Plumbing & HVAC communicate professionally with customers to explain HVAC issues and recommend solutions
- Maintain accurate records of work performed and parts used
- Maintain a clean, organized job site and well-inventoried truck

What we expect from you

- High school diploma or equivalent
- A valid Gas ticket (asset, not required)
- A valid Certificate of BC Trades Qualification in HVAC
- Minimum of 2 years of experience in HVAC installation, maintenance, and repair
- Knowledge of HVAC systems and components, including air handlers, condensers, and boilers
- Strong problem-solving skills
- Excellent communication and customer service skills
- Valid driver's licence and reliable transportation

We offer competitive salary and benefits packages, ongoing training, and opportunities for advancement. If you are a motivated HVAC Technician with a passion for providing exceptional service, please apply by emailing your resume and cover letter to reports@truthplumbing.com.
