Job Description	Camosun College Motor Vehicle and Metal Trades department requires a full time continuing instructor for the Sheet Metal Program at our Interurban Campus. The program curriculum includes content in HVAC systems, architectural sheet metal, stainless steel and aluminum fabrication, Industrial systems, and layout in both traditional and CNC techniques. Responsibilities include: Instruction to apprentice or entry level students; preparing and presenting classroom lectures and practical demonstrations; assessing learning outcomes and working collaboratively with the Chair, Program Leader, and other faculty to ensure the best possible learning environment. The following is required for successful employment at Camosun College: • A demonstrated commitment to the scholarship of teaching and learning • Active participation in our learner centered environment while promoting excellence in program discipline

- Ability to plan, organize and evaluate teaching approaches and outcomes to maximize student learning
- A willingness to serve on departmental, school and/or organizational committees
- Engaged participation in professional development activities that contribute to the goals of the department, school and the College
- Contribution to the curriculum development process
- Commitment to current and trending philosophies, practices and advancements
- Adherence to, and compliance with teaching related policies, procedures and protocols
- A consistent demonstration of excellence and respect in verbal and written communications
- An ability to contribute to and cultivate collegial and collaborative work relationships
- Comfort and familiarity with educational technology and MS Office programs such as Outlook, Word, Excel
- Capable of thriving in a BC post-secondary education setting that's welcoming and relevant to Indigenous learners and helping to prepare non-Indigenous students, graduates and employees to better understand, live alongside of, and work with Indigenous peoples.
- A commitment to sustainable practices within our environment and society
