Job Summary

Under supervision of the Supervisor X, this position maintains and repairs a variety of vehicles and equipment.

Duties & Responsibilities

- Reviews work orders, carries out repairs and preventative maintenance on a variety of vehicles and equipment.
- Inspects vehicles and equipment, including road tests where necessary, and tests various systems and components to determine specific problems.
- Adjusts, repairs and replaces parts and components of vehicles and equipment using hand tools and other specialized equipment.
- Tests and adjusts repaired systems to manufacturer's performance specifications.
- Performs a variety of preventative maintenance and safety inspections, such as SGI inspections, to meet regulatory requirements.
- Diagnoses and repairs a variety of mechanical, electrical, pneumatic and hydraulic systems and associated components.
- Performs minor fabrication and welding duties as required.
- Completes required documentation such as inspection forms, service reports, etc.
- Supports and promotes the health and safety of employees and the general public in accordance with the Saskatchewan Employment Act, Saskatchewan Health Regulations and Standards, Occupational Health & Safety Regulations and the City of Saskatoon's administrative Occupational Health & Safety policies and departmental procedures. Maintains and monitors programs which affect public and employee health and safety.
- Performs other related duties as assigned.

Qualifications

- Grade 12 education.
- Possession of a valid provincial or inter-provincial Journeyperson designation in Automotive, Truck and Transport, or Heavy Duty mechanics. Possession of a recognized Apprenticeship Certificate is preferred.
- Five years of Journeyperson experience with vehicles, large equipment and heavy-duty truck repairs.
- Possession of a valid Saskatchewan Class 3A Driver's Licence.
- Current driver's abstract from SGI demonstrating a safe driving record.
- Possession of WHMIS training certificate, training provided upon hire.
- Considerable knowledge of the operation and use of current test equipment.
- Knowledge of the occupational hazards and safety precautions of the trade.
- Knowledge of electronic engines, transmissions, hydraulics, air/hydraulic brakes and other on-board vehicle systems.
- Ability to work with minimal supervision, individually or as a team member.

- Ability to comprehend technical service manuals and bulletins.
- Ability to process and complete all required forms and reports.
- Demonstrated skills in welding and fabrication.
- Skill in the operation of a computer.

Additional Requirements

Weekly Hours: 4 - 10 Hour Shifts, Friday - Monday. 6:30AM - 5:00PM.

Salary Range: \$37.34 to \$39.44 CAD per hour (2022 rates)

Diversity, Equity and Inclusion
