

Job Title: Mechanic (Journeyman) Transit

Position: Mechanic (Journeyman)

Division: Transportation and Construction

Department: Saskatoon Transit

Term: 1 Permanent Full Time position available.

Closing Date: 11/26/2023

Labour Group: ATU 615

Posting: 2765

Job Summary

Under the supervision of the Mechanical Shop Supervisor, this position maintains and repairs transit vehicles, facilities and shop and service equipment.

Duties & Responsibilities

1. Locates and diagnoses equipment defects; maintains and repairs transit vehicles and associated equipment, machinery and buildings in an effective, efficient manner.
2. Performs required checks, routines and procedures to assure compliance with transit standards, applicable laws and safety regulations and government vehicle safety inspections.
3. Reports observed defects and potential problem areas encountered while performing duties.
4. Makes minor repair and replacement decisions in accordance with transit preventive maintenance program.
5. Provides reports and other data as required to record properly the work performed and the condition of the vehicle or component.
6. Uses tools, shop equipment and materials safely, effectively and economically.
7. Provides and participates in on-the-job training as required by maintenance staff to ensure that work is performed in an efficient and safe manner.
8. Performs vehicle changeovers in accordance with established procedures.
9. Performs other related duties as assigned.

Qualifications

- Grade 12 education.
- Possession of a Saskatchewan Journeyman Truck and Transport Mechanic or Heavy Duty Equipment Mechanic Certificate.
- Considerable knowledge of methods, procedures, equipment and materials used in transit vehicle repair and maintenance.
- Knowledge of air brakes, air control and air systems.
- Demonstrated ability to communicate effectively, orally and in writing.
- Demonstrated ability to work courteously and effectively with Transit and other civic employees, the public and suppliers.
- Physical ability to perform the assigned duties.
- Ability to successfully pass a mechanical skills assessment.
- Three (3) years' journeyman experience in heavy equipment maintenance.
- Possession of a valid Saskatchewan Class 5A Driver's Licence (1A would be an asset).
- Current driver's abstract from SGI demonstrating a safe driving record.
- Possession of own tools appropriate for the work.

Requires Security Check
