3645 Keele street, North York, ON M3J 1M6

Salary: 29.50\$ / hour (30 to 40 hours per week)

Anticipated start date: as soon as possible

Location: Nort York

KB Civil Constructors Inc. performs construction, renovation, and restoration services for residential and commercial properties across Ontario. The company also works on the construction of civil infrastructure, including bridges in the greater Toronto area. Our crews offer prompt and professional services to help our customer's projects come to life with the least possible amount of interruption and associated costs.

Major responsibilities as a Topographic survey technician:

- Operate survey instruments and devices
- Participate in field surveys
- Supervise drafting and technical staff
- Keep survey information in systematic order
- Assist in the calculation, analysis and computation of measurements obtained during field surveys
- Assist in the preparation of detailed drawings, charts and plans
- Keep records, measurements and other survey information in systematic order
- Analyze latitude, longitude and angles and compute trigonometric and other calculations to plot features, contours and areas to a specific scale
- Assist survey engineers or professional surveyors to develop methods and procedures for conducting field surveys
- Conduct field surveys and operate survey instruments and computer equipment to measure distance, angles, elevations and contours
- Record measurements and other information obtained during field survey activities
