

Industrial Mechanic (Millwright)

Location: Sparwood, British Columbia, CA

[Apply Here](#)

Are you looking to challenge yourself in the mining sector? We are looking for skilled ticketed trades people to join our fast paced and dynamic teams. Come work an attractive schedule with a rotation of day shifts and experience what work life balance is all about!

Industrial Mechanics at Teck can work in our processing plant or on our Shovel Crew!

Reporting to the Maintenance Supervisor, Industrial Mechanics in our plant are responsible for inspecting, repairing, and maintaining stationary equipment.

Industrial Mechanics of the Shovel Crew will have the outstanding opportunity to help maintain our shovels and drills, potentially including North America's only P&H 4800 shovel.

To be successful, we are looking for someone who has strong interpersonal skills and has the ability to work independently or as part of a team.

Benefits:

We offer the chance to live and work in the majestic Rocky Mountains, where year-round recreational activities such as hunting, fishing, skiing, snowmobiling, and biking are unlimited. Our tradespeople work an attractive 4 x 4 days and nights shift schedule, allowing for plenty of work-life balance. Add to this, exciting work assignments and excellent opportunities for professional growth with Canada's largest diversified resource company, and we believe you will find what you are looking for! Our tradespeople receive a competitive compensation package that includes, but is not limited to, base earnings plus the following benefits:

- Two Annual Bonus Plans
- Medical, Dental, Vision Coverage

- Employee Share Purchase Plan
- Retirement Package
- Healthy Lifestyle Account
- Annual Performance Bonus'
- Trades Retention Bonus
- Relocation Assistance

Responsibilities:

- Be a courageous safety leader, adhere to and sponsor safety and environmental
- In certain components of this role, it is mandatory to wear a respirator which requires an interference free seal
- Work closely with all other trades to acquire the highest availability and reliability of our equipment and fleets
- Install, inspect and repair of mechanical and hydraulic components
- Plant Industrial Mechanics maintain and service the processing plant's stationary equipment including, pumps, gearboxes, chain-drive, conveyors, belts, hydraulics, and pneumatics
- Shovel Crew Industrial Mechanics perform all associated duties including regular scheduled preventative maintenance, couplings, alignments, major component exchanges, and diagnosing break down issues on the Shovel and drill fleet.

Qualifications:

- Valid Interprovincial Red Seal Journeyperson's Industrial Mechanic (Millwright) Certification
- Valid driver's license
- Previous mining experience is an asset
- Comfortable working in an outdoor setting in all weather conditions

Base Earnings: \$119,000 - \$129,000

Base earnings include the hourly wage plus applicable shift premiums and will differ depending on location. It is calculated using a reasonably expected number of hours worked per year.

At Teck, we believe in fostering an inclusive and equitable workplace where every individual is treated with respect. We aim to create an environment of trust and accountability, where both current and prospective team members can confidently engage in discussions about their employment and compensation that will contribute to our shared success. Providing remuneration details illustrates our commitment to transparent and equitable compensation practices.

Qualified applicants interested in joining our team are encouraged to [apply online](#) or by emailing your resume and cover letter to: millwright.jobs@teck.com.

Successful candidates must be willing to satisfy the pre-employment requirements of a pre-employment drug screen and three professional references.
