

Parts Technician

Location: Saskatoon (100% in the office)

Number of positions: Multiple Permanent Opportunities

In Scope

Closes January 28, 2025

Are you an experienced automotive professional looking for the next step in your career? Do you want to make a positive environmental impact through the automotive industry? We may have the opportunity you've been looking for!

SGL is currently searching for Parts Technicians to join our team in **Saskatoon**. As a Parts Technician, you will be responsible for the pricing, sale, shipping, receiving, inventory, and payment processing of vehicle parts, whole vehicles and property. Now that we've (hopefully!) sparked your interest, here's some good news: we're hiring!

We hope you consider applying if you:

- Possess excellent customer service skills.
- Have technical expertise in vehicle parts and repairs.
- Demonstrate mechanical aptitude and knowledge of vehicle components.
- Are proficient in math for precise calculations.
- Show flexibility and adaptability to change.
- Are open to cross-training and committed to continuous learning.
- Want to leverage your leadership skills for good – like actively supporting SGL's culture, expanding your own learning and supporting your colleagues as they do the same.

Typically, the skills for this position are gained through the completion of **Grade 12, 3 I-CAR courses, and 1-3 years' directly industry related experience**. This role also requires a **valid driver licence**. But we don't want you to worry about checking every box! We know the confidence gap and imposter syndrome can get in the way, so please don't hesitate to apply. We'd love to hear from you!

What else do we offer?

Our [website](#) gives a run-down of the many perks of working with us, including:

- Industry-recognized training provided (I-CAR).
- Vacation time that starts at 3 weeks and increases with years of service.
- An extra day off every 2 weeks.
- Annual sick leave and paid parental, compassionate care and family leave.
- Dental, health and vision care plans.
- Life, disability and optional accident insurance coverage.
- Flexible spending and wellness account.
- Employer contribution into pension plan and an annual employee service allowance payment.

Since its inception, SGL Salvage has been a leader in automobile recycling in Canada, focusing on the introduction of new and innovative ways to help create a cleaner, healthier environment. Our recycling programs include:

- vehicle parts

- scrap steel and batteries
- antifreeze recycling
- oil recovery
- used tires
- freon recovery
- mercury switch-out program

Safety's a team effort at SGI and we promote a culture of health and safety in all areas of our employees' lives. Everyone here has a personal and shared responsibility to work together to prevent workplace incidents, injuries and illnesses. We do everything we can to predict and prevent all work-related injuries, because everyone deserves to live and work injury-free.

No one quite does what we do. Come find out what makes our [Salvage Centre](#) so unique. We're excited to hear from you!

We want our employees to want to come to work. We strive to be the kind of employer that employees recommend to a friend. And we hope that you're considering coming to work for us!

To learn more about this position, check out our [website](#). There, you'll find all requirement and accountabilities in greater detail.

Remember, the position closes Tuesday, January 28, so submit your application [online](#) by 11:59 p.m. SK time.
