## CNC 3D Designer / Programming

### **Job position: CNC 3D Designer / Programming**

**Dear Sir / Madam,**

The career opportunity offered with your organization is a strong match for my well-rounded background. Please consider this letter as an application for the position of a CNC Designer at your company. My Professional experience CNC 3D&2D Designing Grids Carving in interior antique products experiences make me a perfect candidate for this position. I am excited at the prospect of putting my creative skills and energy to work with the leading interior design company / workshop.

I am a strong candidate for this job because I am able to understand complex designs and to beautify them perfectly and safely.

Specifically, I am highly skilled in:

- Consulting with clients to determine requirements, preferences, safety requirements and use of space.
- Developing comprehensive plans and 3D models via computer programs (CAD and CAM software) to arrange walls, dividers, displays, furniture and other fixtures.

I am eager to put my skills and creative approach for the success of your company. I'd like to meet with you in person to discuss this CNC Designing position in detail.

**Sincerely.**

**Nafees Ahmed**
