antoniolic73@gmail.com (personal email)

I am 19 years old, currently at NAIT first year HVAC & R program and available for work after school, weekends, holidays. I have been in the workforce since I Was 15 years old; prior to that, my father employed me in his fully functioning mechanical and machine shop. I am hands on and mechanically inclined, punctual, caring. I always do the best I can, and at the top of the list, I am a hard worker who will stay after hours to get ahead.

Experience

1. *Sturgeon Valley Golf and Country Club:* - - - - -June 2015 - Oct 2016
(Dishwashing Machine Attendant and Assistant Cook)
2. *Kal Tire:* - - - - -Oct 2016 --Feb 2017
(Tire Technician, Sales and Service)
3. *Canadian tire:* - - - - - April 2017- August 2018
(Hardware & Tools Departments)
3. Junior Forest Rangers (JFR): - - - - -July 5th 2017- August 24th 2017
(Natural Resource Management and Forestry)
3. *Namao District, Sturgeon County fire Department:* - - - -October 4th 2017-
(Volunteer FireFighter)
3. *Rock Solid Concrete:* - - - - - August 2018- August 2018
(RCC production & mixing)

Through the years my father has taught me to use a multitude of tools, including, but not limited to: bandsaw, milling machine, lathe, welder (Arc,Mig, learning tig slowly), hand tools, table saw, router, etc. He has also given me knowledge in the trades through renos, small personal projects, and larger projects with him. Together he has taught me introductory machining, mechanics, electrical, painting, tiling, drywalling, plumbing, carpentry, and much more. At school I have had experience in all the tools in the shop and have made projects throughout the years that I can show for. My mother has passed down skills in the field of medicine, teaching me hard work determination and to be passionate in whatever I do. I also just replaced the clutch in my car.
