

Experience

Colwin Electrical Group**Port Moody, BC***Journeyman Electrician*

June 2017 to Present

- Currently running several supermarket renovations and new construction, focusing mainly on refrigeration control systems and case power as well as HVAC control with the special projects division and MicroThermo. Stores include T&T, Save-On Foods, Whole Foods and Buy-Low.
- Driving and maintain a service van.
- Providing excellent communication with project management and general contractors.

Control Solutions Ltd.**Coquitlam B.C.***Journeyman Electrician*

October, 2014 to June, 2017

- Installed and maintained Automated Logic and Reliable DDC, Belimo, Johnson Controls, Honeywell, and Powers HVAC control systems, including pneumatic controls.
- Commissioned jobs using Automated Logic's online GI.
- Learned a good understanding of control sequences, schematics, diagrams, etc.
- Planned layout of wiring and installed conduit.
- I kept organized, adjusted work procedures to meet production schedules, managed my own inventory, and ordered materials needed on several sites at a time.
- Maintained a healthy relationship with clients and coordinated well with general contractors and all other trades.

Sonic Enclosures**Delta B.C.***Third-Year Electrician Apprentice*

September, 2013 to October, 2014

- Assisted leadhand in connecting power and control cables (in teck) to HVAC equipment.
- Trained 1st and 2nd year apprentices on the jobs I had mastered and achieved significant improvements in their productivity and quality of work.
- Ensured there was never down-time due to shortages by keeping track of materials needed.
- Installed 3-phase transformers, MCCs, switchgear, breaker panels, HVAC control systems, cable tray, AC and DC ground, and lighting for modular E-houses bound for Kitimat's Alcan facility.
- Showed competency when working with drawings to ensure proper installation.

Mott Electric (MTI)**Burnaby B.C.***First and Second-Year Electrician Apprentice*

March, 2012 to August, 2013

- Gathered tools and supplies to be used at work site, according to instructions.
- Bent up to 4" conduit.
- Assisted in lifting, positioning and fastening heavy objects, such as steel masts, rigging, conduit and cable trays.
- Maintained tools and equipment and keep supplies and parts in order.
- Assisted journeyman electricians in connecting power cables to equipment, such as RF Antennas, power supplies, and grounding.
- Well-practiced in the use of a wide variety of hand/power tools and received a fall protection ticket.

Other:

- Class 5 D.L., Clean driving record (43% ICBC discount / -12).
- Fall Protection Certified - Scissor-lift Ticket - Level 1 First Aid
