- My name is Shayan Karami and I am writing to human resources to express my interest in the position of Apprentice Heavy Duty Mechanics for job number 2011. I currently work as a service technician for a lighting company, mostly repairing hoist motors. I have strong knowledge of electronic and mechanical skills. My knowledge is self-taught for the most part as I am a quick-learner. I have lived in Canada for the past five years, and in this time I have mainly worked as an auto mechanic and a service technician, but my passion and interest is in becoming an heavy duty mechanic I have taken courses in BCIT such as motor control. I would sincerely appreciate an opportunity to further discuss my skills and experience related to this position.
