Re: Heavy Duty Mechanic - Apprentice

Dear Sir/Mdm,

Please accept my resume for a position of heavy duty mechanic – apprentice.

I have been employed with Vertex Field Services Ltd. for nearly 5 years, starting out as a shop hand at 14 years old and progressing along the way to an apprentice. I had the opportunity to take part in the highschool RAP program, and was awarded the RAP/CTS scholarship last year. I am currently finishing up my second year technical at Grande Prairie Regional College, Fairview Campus; the exam is scheduled for April 26, 2019.

I have a valid Class 5 driver's license (no GDL), a variety of valid safety tickets, and a set of mechanics tools.

I currently live in the Rycroft, AB area; however, am willing and able to travel and/or relocate for employment. I offer a flexible work schedule, prepared to work weekends as well as overtime hours.

I am a committed employee, willing to learn and undertake a variety of assignments with a positive attitude. I am looking for employment to further expand on my experience.

Thank you for taking the time to review my resume. I can be contacted at 780-933-2601 or heavybtwenty6@gmail.com. I look forward to hearing from you.

Regards,

Brandon Leibel
