PERSONAL DETAILS

Surname	Dube
First Name	Linch
Sex	Male
Marital Status	Married
Date of Birth	17 – 11 – 1972
Nationality	Zimbabwean
Language	English
Profession	Electrical Technician
I.D Number	32-069043E32
Passport #	DN239498
Drivers Licence	Class 4

CAREER OBJECTIVE S

To pursue a career in Electrical and Instrumentation fields applying total effort and dedication to transform myself into a significant asset for any employer through enhancing my knowledge in my profession.

INDUSTRIAL EXPERIENCE

- construction of electrical plants.
- installation of electrical power equipment,instruments and control equipment.
- maintenance of plants.
- quality control measures implementation.
- commissioning.
- after sales technical assistance.

ACHIEVEMENTS

- produced quality work following laid down procedures.
- used effective diagnostic techniques and reduced down time.
- finished given tasks in less than expected time.
- team working and sharing ideas.
- work safely through adherence to safety guide lines.

EMPLOYMENT HISTORY

Employer	*Maka Resources Zimbabwe.
Position	*Electrical Technician.
Duration	*July 2018 – Current.
Duties	*Wiring of VSDs external remote control circuits. *Programming VSDs. *VSDs installations and commissioning in the field. *Testing of electrical and electronic components in the

	laboratory.
	*Maintenance and repair of workshop equipment.
	*Robot welder installations.
Employer	*Mukoflex (Elandsfontein Phosphate Mine) South Africa.
Position	*Instruments Technician.
Duration	*December 2016 - April 2017.
Duties	*Installation and termination of process plant instruments. *ASI cable installations and terminations. *ASI field modules installations and terminations. *Master panels terminations. *Earthing of Master panels. *Tagging of instruments and cables.
Employer	*Controllec (Outotech Project Dundee Smelter) Namibia.
Position	*Instruments Technician.
Duration	*February 2015 – April 2015
Duties	*Cross patching of DCS. *Re-termination of plant instruments. *Instruments commissioning. *Electrical inspection and punch listing.
Employer	*End to End DRC Kipoi project.
Position	*Electrician.
Duration	*November 2013 - May 2014
Duties	*Electrification of conveyor belts, solvent extraction and electro-winning plants of copper. *Also did plant instruments terminations.
Employer	*B&W Sappi Project.
Position	*MV Electrician.
Duration	*February 2013 – June 2013.
Duties	*Running mv cables. *Glanding cables. *Megging cables. *Cable termination in mcc's and substations. *Cable termination on mv loads in the field. *Quality inspection.
Employer	*End to End Projects Mutanda Mine DRC.
Position	*Electrician.
Duration	*November 2011 – July 2012
Duties	*Installation of small, medium and high voltage cables. *Termination of the above mentioned cables. *Terminations of motors and transformers. *MCC and substation terminations of cables.

	* Dressing and glanding cables. *Back punching.
Employer	*B & W Ambatovy Project Madagascar.
Duration	*February 2011 to 13 May 2011.
Position	*Instruments terminator.
Duties	*Installation and termination of instruments cables. *Installation and termination of instruments. *Ringing cables. *Megging cables.
Employer	*Thomas Abrasives South Africa
Industry	*Steel Industry
Duration	*February 2010 to February 2011
Position	*Maintenance Electrician.
Duties	*Plant maintenance. *Attending to breakdowns. *Preparing new distribution boards and panels. *Designing and wiring new DB's and control panels. *Installation of Control Panels and distribution boards. *Installation and termination of cables to various loads. *Installation of cable enclosures. *Maintenance of substations. *Maintenance, service and repair of cranes and hoists. *Furnace maintenance *Plant modifications *Installation of new plant equipment *Carrying out new projects
Employer	*D.B.E Electrical (South Africa)
Industry	*Construction
Duration	*September 2009 to 16 February 2010
Position	*Electrician
Duties	*Installation and termination of cables both industrial and domestic. *Servicing electrical machines both industrial and domestic. *Ensuring all systems comply to required standards.
Employer	*ABB Zimbabwe
Industry	*Service Industry
Duration	*April 1996 to May 2009
Position	*Electrician
Duties	*Plant and workshop installations, maintenance and services *Fault diagnosis and rectification of machines

- *Testing machines and issuing test certificates.
- *Quality inspection and certification.
- *After sales technical support.
- *Commissioning of machines and equipment.
- *Also worked as the company site technician in various industries.

Skills gained

- *Fault diagnosis and rectification.
- *Circuit analysis.
- *Reading and understanding circuit diagrams.
- *Machine and equipment testing using various instruments.
- *Dealing with both low and high voltages.
- *Health and safety standards.

PROFESSIONAL QUALIFICATIONS

PLC Programming (Siemens Series)

Certificate

*Harare Institute of Technology(2013-2013)

Electrical Power Engineering

1. Journeyman Class one Electrician

*ABB (Apprenticeship 2001 – 2004).

2. National Certificate

*Masvingo Polytechnical college.

Subjects passed

Mathematics

Electrical Engineering Technology

Electronics

Plant Installation and Maintenance

Project

Workshop Practice

Electrical and Electronic Engineering(Radio Communication)

1. National Diploma

*Harare Polytechnic College(1996 to 1999)

Subjects passed

Mathematics

Electronics

Circuit Theory

Radio Communication Systems Technology

Industrial Management

Project

SAQA Equivalent

*NQF Level 5

EDUCATIONAL QUALIFICATIONS

GCE 'O' Level Certificate

*Sanyati Baptist High School(1990)

OTHER QUALIFICATIONS

Class Four Drivers licence(Zimbabwean 50714AA)
Zimbabwean passport (DN239498)
