Work History

Electrician

Pinnacle Electric, Courtice, ON.

Aug 2014 - Current

Completed a 4 year apprenticeship with Pinnacle Electric working on a variety of residential, commercial and small industrial jobs. Ranging from renovations, new builds, retro fitting, coffee shops, brew houses, scrap metal warehouses and auto repair shops. This assortment of jobs has given me experience and confidence in many different aspects of the electrical field.

- Handled all aspects of jobs from initial quote to final inspections.
- Supervised and trained apprentices and labourers.
- Installed, tested and modified circuit breakers, controls, fuses, lights and motors.
- Interpreted drawings, wiring diagrams, flow charts and written descriptions of the project requirements.
- Worked with various types of cableways, conduits and other electrical raceways.
- Fabricated specific electrical component parts and assemblies.
- Recorded the respective measurements for each project.
- Maintained a working area that was clean, safe and stocked with appropriate equipment and supplies.
- Consistently updated knowledge of safety requirements and policies.
- Worked extended hours on weekday and weekend projects.

Electrical Apprentice

PCH Electric, Courtice, ON.

Jan 2014 - Aug 2014

Electrical apprentice with PCH electric, gained experience in residential work. Completing all stages of electrical in new build subdivisions. From ground plate to turning on main breaker and making it move in ready.

- Installed, tested and modified circuit breakers, controls, fuses, lights and motors.
- Interpreted drawings, wiring diagrams, flow charts and written descriptions of the project requirements.
- Worked with various types of cableways, conduits and other electrical raceways.
- Consistently updated knowledge of safety requirements and policies.
- Worked extended hours on weekday and weekend projects.

- Consulted with the supervisor electrician regarding the likely risks associated with the assigned job.
