

JARED LIPPIATT

1074 Bernard Court, Sarnia Ont, N7S 6J6 | (519)-330-7879 | jaredlipper@icloud.com

OBJECTIVE

To secure the Maintenance Technician position at INEOS Styrolution, using my technical skills and safety training to benefit the organization and gain professional growth.

EXPERIENCE

July 2017 –
Present

Sentry Fire, Safety Specialist and Rescue Team Member, Sarnia.

- Knowledgeable in safety culture in an industrial setting.
- Atmospheric conditions of confined spaces and the workers inside to ensure the area is safe.
- Being on standby to perform rescues in a variety of confined space and high angle situations.
- Night shift job lead for Suncor Spring 2019 turnaround. Duties included managing up to 4 people on the work crew, logging and maintaining equipment on site, submitting daily safety paperwork and inspection forms.
- Safely driving truck and trailers onto work sites.

January 2016-
August 2016

Railcar Mechanic, ARI Fleet Services, Sarnia Plant.

- Operation of various powered tools such as air, pneumatic and acetylene.
- Installing and disposing of parts using an overhead crane.
- Removal and installation of various railcar parts using hand and air powered tools.
- Reading work orders to determine work scope.
- General shop maintenance.

EDUCATION AND TRAINING

September 2016-
December 2018

Graduate of Millwright Mechanical Technician (MTIM) Program, Lambton College, Sarnia.

- Graduated and obtained certification and a 2.9 grade point average.
- Provided with the skills necessary to safely install, troubleshoot, overhaul and maintain a variety of mechanical equipment used in industrial operations.
- Gained valuable learning experiences in machining, blueprint reading, hydraulics and pneumatics, electronic, power transmission and lubrication, materials science,

preventative and predictive maintenance, project management, CNC, and 3D modeling.
