Please accept this application for the position of Journeyman Electrician. I am a fully ticketed Red Seal Journeyman Electrician with over 30 years experience accompanied with Allen Bradley PLC5 Level 1-5 training. While employed for five years with Thompson Creek Mines I worked extensively in electrical industrial, oil & gas, construction, mining maintenance, manufacturing and field testing/commissioning. Also, I worked in the pit on the electrical shovels and drills, dewatering pumps and maintained two portable substations that fed our electrical shovel and drills.

Recently I worked construction at the Kearsy Lake and Cold Lake Project with CNRL Horizon as an Electrician/Foreman/General Foreman and Isolating Authority and Commissioning -LOTO. I am well trained at constructing, altering, repairing and testing all electrical components plus installing and maintaining low and high voltage equipment. At Slocan Forest Products where I worked for ten years I had the pleasure of training new employees and mentoring apprentices. I have undergone "variable frequency drives" training and Wonderware Software(HMI) and alarms programming.

My personal attributes are a strong commitment to being a hard working, respectful and honest worker completely committed to safety and production for the employer. I am willing to work all shifts and in all work environments, open to learning any new skills and willing to take on more responsibilities as it develops with the company. I work well under minimum supervision and an excellent team player.

I look forward to hearing from you to discuss my qualifications to further discuss my qualifications. Please contact me at 778-220-2978

Respectfully,

Bruce Johnson

HIGHLIGHTS

- Red Seal Certified Electrician/Certificate # BCA23699
- Lock-Out/Tag-Out/Commissioning – LOTO A/B (2014 IOL) LOTO permits
- Foreman, General Foreman
- Instrumentation Levels 1, 2, 3, 4 (85%), SAIT (1999)
- CSTS, ESTS, QA-QC Inspector, WHMIS, First Aid, OSSA, H2S, Confined Spaces, Fall Protection
- Electrical Construction & Maintenance - including Industrial, Commercial, Residential, Oil & Gas, Mining, Hydro dams, Saw Mills, Darlington Nuclear Plant - 15 years experience in electrical maintenance and programming PLC's, Electric Shovels and Drills in Mining at Mt. Milligan
- Blueprints and Reports - Excellent ability to read, interpret and create blueprints and daily reports
- Personal Qualities: Efficient troubleshooter, strong communication skills, calm multi-tasker

SKILLS AND EXPERIENCE

Electrical Programming/Maintenance

- PLC- Programming - Planned, organized and executed all aspects for the change over from relay wiring to PLC wiring in Fort Nelson Veneer Plant, Plywood Plant, Sawmill, Planer, Dry Kilns, Konus Plant, Log Deck (10 year project)
- Blueprints - Experienced in reading and interpreting drawings, circuit diagrams, and electrical code specifications to determine wiring layouts for new and existing installations
- Safety - Tested continuity of circuits using test equipment to ensure compatibility and safety of system, following installation, replacement, or repair
- Troubleshooting - Proven ability to troubleshoot and isolate faults in electrical and electronic systems - remove and replace faulty components
- Installation - Installed cameras and monitors to ensure safe and continuous operation of equipment
- Preventative Maintenance - Conducted preventative maintenance programs using infrared cameras and other equipment, repaired hot spots and kept maintenance records

Construction - Industrial/Commercial/Residential

- Apprenticeship - Completed apprenticeship with ICR Electric in Kamloops
- Electrical Projects - Involved in all aspects of electrical construction of major projects across Canada including: Mica Dam, Revelstoke Dam, 7 Mile Dam, Darlington Nuclear Plant, General Motors Truck Plant, Dafasco Steel Plant, Lasco Steel Mill, Suncor and Syncrude Oil Patch, Ashcroft Hospital, Northhills Mall, wired the original Afton Mine (New Gold), Yukon Zinc
- High voltage splicing and plant wiring at Highmont Mine, Lornex and Bethlehem Mine

Supervisory

- General Foreman – JV Driver (2014) – Nabiye Project, Cold Lake, AB
- Foreman – JV Driver (2014) Suncor and Syncrude projects, Slocan Forest Products
- Supervisor - Supervised up to 15 people while maintaining a productive team
- Trainer – Training on 7200 volt trailing cables for shovels, drills, dewatering, substations
- Mentor - To apprentices and new staff with regards to safety policies and procedures

EDUCATION

Instrumentation Level 1, 2, 3, 4

Electrical Apprenticeship

LOTO Level A/B

Supervisor Training Certificate

Allen Bradley PLC 2/15, 2/30, 3, 5/15,5/20,5/30,5/40,5/60,QB Modules (Level 1, 2, 3, 4, and Maintenance),SLC 500, SLC 501, SLC 503, Control Logix, RS Logix, Modicon 484, 984, Seimens.

Toshiba Soft Start DC Drive GT 2, GT Plus

GE Soft Starts

Siemens Soft Starts

Wonderware Software Programming – Man Machine Interface

Alarms System Programming

Grade 12 Diploma

WORK HISTORY

Electrician/Construction	PCL Energy, Fort Hills, AB	2018
Electrician/Construction	Milltron Electric, Meadow Lake,SK	2017
Electrician/Construction	Chemco Electric, Fort Hills, AB	2017
Electrician/Construction	Tracer Electric, CNRL Horizon	2016
Electrician/Construction	Black & McDonald, CNRL Horizon, AB	2015
Electrical Maintenance	Gen Mec, Kearl Lake, AB	2015
Electrical Construction	Willbros Electricial, Edmonton Rail Term, AB	2015
LOTO Commissioning	Kentz Canada TSS Limited, Kearl Lake Project, AB	2016
General Foreman	JV Driver, Imperial Oil, Nabiye Project, Cold Lake, AB	2014
LOTO/Commissioning	JV Driver, Imperial Oil, Nabiye Project, Cold Lake, AB	2014
QA & QC & Electrician	JV Driver, Highland Valley Project, Logan Lake, AB	2013-2014
Lock-Out/Tag-Out	Mt. Milligan Gold Mine, Ft. St. James, BC	2012-2013
Electrical Site LOTO	LMI Logistical Mill Installations, Ft. St. James, BC	2011-2012
Electrician	Lakewood Electric, Yukon Zinc Mine, YK	2010
Maintenance Electrician	Canfor, Valmont, BC	2009
Maintenance Electrician	Weyerhaeuser, Merritt, BC	2008
Maintenance Electrician	Ainsworth, Lillooet, BC	2004-2007
Electrician-LOTO	Fluor Canada - at Shell Upgrader Fort Sask. SK	2001-2003
