

FELIPE ALBERTO OROZCO GARCIA

MACHINIST AND TECHNICAL DESIGNER

Birthday 29/10/1977
I.D 75085187
peldron2@gmail.com
(057) 3128753884

Profile

Professional Technician in Machining by Start of Chip, Professional Technician in Design of Machines, software design as Creo Parametrics (CAD-CAM), Matercam, Solid Works, Solid Edge, Inventor, with very specific experience in various industries such as: manufacture and repair Rotary shouldered connections API 7-1, 5CT specification, and Premium connections, in pumping equipment (single and multi-stage centrifugal pumps), in oil drilling heads, in palm oil extraction equipment, in The titanium implant industry and the auto parts industry.

Capable of contributing and developing activities that require the fulfillment of objectives that any company proposes in terms of design and production projects, taking into account the product's time, quality, safety and in the preventive maintenance of first level of the equipment.

Skills

- Adaptability**
- Proactive**
- Creativity**
- Good Communication**
- Problem Solving**
- Organizational and planning skills**
- Mathematical skills**
- Collaboration**

Work Experience

GMS (General Machine Service, Petroleum services Group)

Machinist, programmer and operator C.N.C.

And manufacture of rotary shoulder connections A.P.I specification 7-1 and 5CT, Premium connections, EU, LP.

Cell-phone: 057 3162491881

Yopal (Casanare).

PEMSER

Machinist, programmer and operator C.N.C.

Manufacturing API rotary shoulder connections specification 7-1 and 5CT, EU, LP and mechanical components for SCRAPER.

Phone 057 8931666

Mosquera (Cundinamarca).

FLOWSERVE COLOMBIA

Machinist, programmer and operator C.N.C.

Manufacture of mechanical components and repair of pumping equipment of one or more stages.

Immediate boss

Yonny Muñoz

Cell-phone: 057 3212521194 or 3214276707

Bogotá D.E

IMETI

Machinist, programmer and machine operator C.N.C.

Implant production in titanium.

Immediate Boss.

Santiago Rojas

Phone: 057 5203480

Bogotá D.E

FEPCO (Colombian oil equipment factory)

Machinist, programmer and machine operator C.N.C.

Manufacture of mechanical components and Repair of For oil drilling.

Immediate boss

Yaneth Rodriguez: 057 4395050 or 3157659140

Bogotá D.E

MADEAL S.A

Programmer and operator of CNC machinery.

Machining of aluminum wheels for car.

Immediate Boss.

John Jairo Roldan: 057 8747676 or 8747575.

Manizales (Caldas).

Education

ETITC (Technological School Central Technical Institute)

Machine design Professional Technician.

Focus program. *Mechanical components design.*

SENA

Machining by Chip Start Professional Technician.

Focus program. *ISO programming, set up of machines, operate lathes manual.*
