

ALLAN BARNETT 459 Railway St. Belle River, ON N0R 1A0 519-728-2490

Dear Sir/Madam:

I am applying for a position with your company. I have enclosed my resume highlighting my background and I feel my accomplishments will be valuable to you.

I work well with others and can also work alone. I am dependable and have experience working in factories. I have completed my certificate of apprenticeship in the pipefitting trade and also have obtained my red seal steamfitter pipefitter ticket. Over the years I have accumulated many hours in the trade working in different industrial environments. (Machine tool, transfer lines, weld lines, building hydraulic power units and the oil and gas industries.) I also have experience in water treatment plants and waste water treatment plants. I have obtained LSE and FLST training. I am a level one in excel and am proficient in microsoft office.

Given my extensive work history, I feel I would be a definite asset to your organization. I look forward to hearing from you to schedule an interview and to discuss my career opportunities with you.

Sincerely,

Allan Barnett

ALLAN BARNETT
