Summary

Ronald Lubelenga is a male Zambian, boiler maker by profession. I am in possession of a Trades Crafts Certificate and with at least two years' experience in welding and metal fabrication. I am technically competent, and quality oriented, a team player and safety conscious. I also have practical knowledge of the use of semi-automatic welding processes including MIG and FCAW which I worked with at Buildcon and Raziela. I am a registered member the Engineering Institution of Zambia (EIZ).

Highlights

Attributes, skills and competences:

Team player
Target oriented while emphasizing quality
Sample sorting and packing
Quantity checking
Data entry
