WILLING TO RELOCATE

Summary

Dedicated Mechanical Fitter and Diesel Mechanic with over 15 years experience in heavy equipment repair and maintenance. Familiar with safety standards and all types of repairs. Consistently adhere to dealer, factory and company standards for maintenance and repair work. Resourceful problem solver with excellent time management skills.

Highlights

- Diagnostics
- Equipment repairs and servicing
- New Installations
- Great at following Instructions
- Engine Overhauls
- Strong work ethic
- Clean Driving Record

Experience

FITTER |SHELTAM MARINE | APRIL 2014 – TO DATE

- Overhauling of Oil Pumps and Water Pumps
- Alignment of alternator to Engines
- Overhauling of Hydraulic pump of 70 Ton Crane on Oil Rig
- Removal and Installing new Cable Drums, Brakes and Shafts
- Removal of propulsion gearbox
- Overhauling components
- Refitting gearboxes
- Commissioning of gearboxes
- Worked on hydraulic system for gearbox
- EMD Engine 2 stroke – complete engine overhaul and gear timing
- General Electric 7FDL16 – Complete engine overhaul, component overhaul, aligning alternator to engine and fault finding
- Wartsila Vasa 32 – Major services carried out
- Wartsila 12W32 – Complete engine overhaul
- Main propulsion gearboxes – Strip clutch assembly out of housing, overhaul clutch assembly and refit
- Coolers – Strip down, clean and pressure testing.
- MAK M25 – Complete engine and component overhaul
- Commissioning of vessels main engines after completion of complete engine overhaul
- Measuring and qualifying of marine engine connecting rods
- Measuring and qualifying of marine engine pistons
- Fuel injector overhaul and getting to atomize at the correct pressure
- Worked off shore on drill ships and oil rigs as mechanic and major servicing of oil rig 75 ton cranes.

- Rigging of engine spares into engine room and onto engine.
- Marine two stroke engines – remove crosshead and refit for bearing change out

MECHANICAL FITTER AND BURNER | NAKABALLA SUGAR MILLS | DECEMBER 2013 – MARCH 2014

- Removed chain conveyor belt and installed a new mat conveyor Belt
- Manufacture and alter metal as needed for repairs
- Cutting steel work

FITTER | EBH | FEBRUARY 2012 – NOVEMBER 2013

- Stripping out Valves
- Overhauling Valves
- Installing Valves
- Stripping out Pumps
- Overhauling Pumps
- Installing and aligning pumps
- Stripping out Winches
- Overhauling Winches
- Installing of winches
- General Ship Repairs (Drilling, Tapping, Cutting and Welding)
- Alignment of Motor Pumps
- Stripping out Thrusters
- Rigging Thrusters
- Stripping down components
- Overhauling Parts
- Qualify Parts
- Refitting components as per drawings and manuals
- Refitting Thrusters

SCRAP YARD MANAGER | B & M SCRAP YARD | DEC 2011 – JANUARY 2012

- Open and Close Scrap Yard
- Staff Management
- Buy and Sell metals – Companies and Walk in Customers
- Manage Stock Categories
- Cut, Grind, Sort and strip metals
- Inhouse service and maintenance on truck and fork Lift
- Fork Lift License

FITTER | B & M LABOUR BROKERS | 2007 - 2011

- Reading of drawings and installing of machinery as per drawing
- Alignment on Mill Housing
- Leveling of Mill Housing
- Rebuilding of New Mills
- Revamping of old Mills
- Installation of Rollers and Edge Cutters (Leveling and alignment)
- Installation of runners for conveyor belts and alignment on belts
- Installation and rigging in of new machinery
- Modification on machinery (Drilling, Tapping, Cutting and Welding)
- Theora Light
- Alignment on motor, pumps, rollers and runners

- Overhauling of Water Pumps
- Commissioning of Newly Built Plants and revamped plants

FITTER |COSIERA CONSTRUCTION | 2006

- Reading Drawings
- Installing new machinery
- Leveling and alignment of new installed machinery
- Fitting and alignment of conveyor belts
- Installing shoot boxes, Vibrating Sheets, Vibrating Screens and Crushers
- Rigging in of New Machinery
- Commissioning of Newly Built Plants

DRIVER |WIRE CONVERTERS | 1995 - 2005

- Code 14 Permit with a PDP
- Long Distance Driver
- Local Deliveries
- Dangerous Goods Loads
- Check and tighten Load
- General Truck Maintenance – Tyre Change, Service

TRAINING MANAGER |WESTERN PROVINCE SELLERS | 1994 - 1995

- Stock Take
- Cashier
- Cash up till
- Record, Pack and distribute telephonic customer orders
- Maintain stock levels
- Basic Admin – Ordering stock, Receipting, Invoicing, Account management – Debtors and Creditors

LIST OF ENGINES ABLE TO WORK ON

- Burgen
- MAK
- EMD
- GE
- Wartsilla
- Stork Werkspoor
- CAT
- Thrusters – Worked with Makers men on Roys Royce and Asimens

Education

GRADE 9 |1992 | HIGH TECHNICAL SCHOOL – ELLIS PARK

N1 | 1993 |SASOLBURG COLLEGE

- Maths, Science, Electrician and Electronics

N2 | 2019 |NORTHLINK COLLEGE

. Mathematics, Fitting and Turning

RED SEAL TRADE TESTED FITTER |2019 | NORTHLINK COLLEGE / QCTO

FLUID POWER COURSE FOR FITTERS |2018 | NORTHLINK COLLEGE
