

JOHN MURPHY

HVAC TECHNICIAN

PROFILE

I am a very hard working and talented person that take pride in every work that are assigned to me. I have been over 10 years in the Airconditioning and Refrigeration field. I have installed various sizes of Rooftop package units, Chiller units, Multi split and VRV systems. I have also great knowledge on control circuits and building maintenance systems.

I will prove myself within 3 months of employment to any employer and to show them that I am not just another employee but someone they can rely on and trust.

I enjoy working in the field and helping customers, I am used to work under pressure and with sometimes difficult customers.

GENERAL

I am in the process of completing my English language test (IELTS) for Canada immigration application as a skilled worker.

Second step is to do my Credential assessment for my Education to be accepted in Canada.

Third step is to apply for a work Visa and hopefully get an offer from an employer in Canada and continue my career in country.

NB: FOR ANY ADDITIONAL INFORMATION PLEASE FEEL FREE TO CONTACT ME ON MY MOBILE PHONE OR EMAIL.
