WELDER

QUALIFICATIONS/SKILLS

- 10+ years of experience from all around Europe at Welding and Fitting Ironwork
- Confined space and rescue trained
- Orbital tig welding certificates for Swagelok and Orbitalium equipments
- **Valid Red Seal Journeyman Welder Certification by Ontario College of Trades**
- Precise and committed to achieving prime quality work
- Goal-oriented, loves to work as a part of a team
- Excellent problem-solving skills
- Flexible, creative person
- Valid Drivers licence
- CSCS Card

WORK EXPERIENCE

Welder

2019 July-Present

Exheat Ltd, Watton, UK

- Fabrication & welding for the oil industry inconel, hastelloy, stainless steel
- Pressure vessel, heat exchanger, high pressure and high resistance pipelines bespoke fabrication according to ASME VIII, ASME IX

Welder

2019 May-2019 June

Wrightfield Ltd, Diss, UK

- Fabricated structures and pipelines using metal shaping machines and bending and straightening machines, breaks, shears, saws, grinders, drills, jigs and various hand tools
- Read and interpreted blueprints and welding process specifications
- Operated manual or semi automatic welding equipment to fuse metal segments using processes such as GTAW, GMAW, FCAW, SMAW
- Repaired worn parts of metal products by welding on extra layers
- Operated brazing and soldering equipment
- Operated manual and semi automatic flame cutting equipment

Welder

2019 February-2019 April

Exheat Ltd, Watton, UK

- Vessel fabrication & welding for the oil industry inconel, hastelloy, stainless steel
- Pressure vessel, heat exchanger, high pressure and high resistance pipelines bespoke fabrication according to ASME VIII, ASME XI

Welder

2018 June -2019 February

Vogal Group Ltd., Peterborough, England

- Read and interpreted blueprints and WPS, strictly following the weld symbols

- Operated manual flame cutting and plasma cutting equipment,
- Cut, grinded, shaped fit metal parts and pipes by using grinders, drills, metal shaping machines
- Operated manual welding equipment to fuse metal segments using processes such as GTAW, GMAW, FCAW
- Repaired worn parts of metal products by welding on extra layers or replaced them
- Specialised welds according the customer requirements which included P91, S304L, S309L, S316L and nickel alloy grades

Welder

2017 May-2018 May

Pruce Newman Pipework Ltd., Wymondham, UK

- Welded carbon and stainless steel pipework, using TIG, MMA, and Flux core processes ranging from ½" pipe up to 36" pipe to meet the BS EN287 Part1/BS EN ISO 9606-1 and the ASME IX
- Repaired worn parts of metal products by welding on extra layers
- Operated manual or semi automatic welding equipment to fuse metal segments using processes such as GTAW, GTMAW, FCAW, SMAW
- Used variety of saws, grinders, drills and hand tools

Welder

2017 February-2017 May

Vogal Group Ltd., Peterborough, England

- Same duties as above

Welder

2016 September -2017 February

R&J Pipework Ltd., Porringland, UK

- Stainless steel and carbon gas pipelines fabrication and welding for renewable industry (Biogas plant Red Lodge, UK)
- High purity stainless steel welding for food industry, sanitary stations and showers fabrication and welding

Welder

2016 April -2016 September

Pruce Newman Pipework Ltd., Wymondham, UK

- Same duties as above

Welder

2016 February- 2016 April

Vogal Group Ltd. Peterborough, UK

- Same duties as above

Welder

2015 June-2015 December

Pipetech Maintenance Ltd., Basildon, UK

- Stainless steel pipelines fabrication and welding on British Sugar sites across Norfolk, UK
- Conveyors and food processing equipment installation and maintenance
- High pressure petrochemical pipelines welding on Haltermann Carless Ltd Harwich

Welder

2014 September-2015 June

Steel Services Ltd., Great Yarmouth, UK

- ASME IX standard tig/stick/fluxcore pipe, plate and structural welding for offshore. 2nd generation oil spill kits welding for the Shell, Davit installation and new jig fabrication for rescue boats on the SeaJack Leviathan

Welder

2014 April-2014 September

Vogal Group Ltd., Peterborough, UK

- Same duties as above

Welder

2013 March-2014 March

Ebert Hera Esser Group, Rotterdam ,Netherlands

- High grade material pipes, vessels, bracket fabrication from blue prints and isometric drawings
- Coded welding with GTAW,SMAW processes
- Pipefitting, brackets and support fabrication and install
- Operated: grinders, saws, drills, pipe and bending machines,semi automatic flame cutting machines

Welder

2012 October-2013 February

Kynetic Energy Kft/Caryuveda bt., Dany, Hungary

- Pressure vessel fabrication,pipe fabrication and orbital tig welding, frames and jig setup and robotic mig welding,brackets and supports fabrication and welding

Welder

2012June-2012 October

BTS Biogas Italia SRI. Brunico ,Italy

- Tig welding stainless steel pipes from 1/2"-10" diameter with 2-3 mm thickness
- Technological pipe fitting small bore pipelines installation with Swagelok fittings
- Building and installing heating systems,pumps,valves
- Working from blueprints and isometric drawing

Welder

2011 October-2012 January

Bosal Netherlands,Vianen

- Heat exchanger fabrication
- Tig/mig welding robots operation pipe-to-pipe,pipe-to-plate,pressure test,electropolishing,quality checking (stainless steel)

Welder

2011 May-2011 October

Fakon Gmbh, Munchen, Germany

- Pipeline installation for Bayern chemical Industry 1/2"-10" pipe diameter,(carbon steel,Mo16)tig

Welder

2011 March-2011May

Vermeer Eemhaven,Rotterdam, Netherlands

- Heat exchanger making for Shell and the Cofely-Gdfsuez,
- Worked from isometric drawings,1"-5" pipe diameter,(stainless steel), tube-to-sheet orbital welding with Polysoude system

Welder

2010 November-2011January

Hertel Ltd. Leipzig, Germany

- Worked for Shell oil refinery, 1/2"15" pipe diameter (carbon steel,BW5),worked from isometric drawings,tig

Welder

2010 June- 2010 October

Evelox Gmbh, Volklingen, Germany

- Furnace fitting,1/2"-15" pipe diameter(carbon steel,Mo16)tig welder

Welder

2005-2010

Caryuveda Bt. Dany, Hungary

- Welding and fabrication supervisor

- Pressure vessels and pipelines for the pharma and gas industry

Welder

2004-2005

GE Hungary Zrt. Engine Services, Veresegyháza, Hungary

- Engine fitter, liner panel repair with cementation and heat treatment from service bulletin to KLM, DHL, Lufthansa etc.

EDUCATION

Secondary School Diploma, Car mechanic and Engine fitter

1996-2000

Banki Donat Secondary and Technical School, Budapest, Hungary

Technical School Certificate, Panel Beating

2000-2002

Madach Imre Vocational and Technical School, Godollo, Hungary
