Work Experience

Shop Foreman

Absolute mechanical - Whitehorse, YT

April 2017 to Present

- In the last two years i have finished both my heavy duty and commercial transportation redseals. Working for absolute i was in charge of a large volume of CVI from all sized of vehicles and types of trailers, i was also resopsable for ordering my own parts well watching over other jobs and mechanics. During this time i was also resopsable for all types of trouble shooting, electical, aftertreatment systems,air systems aswell as Hvac. Well doing my schooling at sait i also recived my ticket for R134a and have experience with charging and troubleshooting ac systems on tractor's. Most of my engine experiance is with cummins engine and insite. N14,870 signatures,2250 and 2350s other experiences. Cat engines,detroit,paccar. diagnostic programs, sis, insite ,J pro, snap on scanners and more.
