Work Experience

Production Associate

GROUND EFFECTS LTD - Windsor, ON

January 2018 to Present

Responsible for the quality of a fully built-from-scratch product.

As I am a head packer, I look at the fully finished product and made sure it was good before I shipped it.

Using all sorts of automatic machines, drills, insert guns, pneumatic presses.

Able to read build and packing prints

Easily lifting up to 60-80lbs running boards.

Understanding of the 5S and audit system.

Able to keep my cells running smooth if my lead hand was not there.

Always have keen eyes for part defects and great hearing for debris inside parts.

Courtesy Clerk

Safeway

February 2013 to June 2013

Worked in retail, was responsible for stocking shelves, and cleaning the establishment. Also brought carts into the building, and frequently interacted with customers.

Had to quit due to moving out of province.
