WORK EXPERIENCE

2018-2019 OT Timber Framing

150 Mile House

Title: Lead Foreman

Pre fab timber frame construction. Im hired to manage employees daily tasks, coordinate with sub trades on sites from foundation to finish. Forming concrete, framing floor joist system trusses, envelope and interior finishing (dry wall and paint) etc.

2016-2018 Matakana Scaffolding

Vancouver

Title: foreman scaffolder/ shrink-wrapper

I was hired as a foreman scaffolder and shrink-wrapper to manage crews build access scaffolds stair towers and hoardings as well as shrink-wrapp temporary roof structures

2016-2016 IATSE local

Vancouver

Title: Scenic Carpenter

I joined the film union as a permittee and worked on the television series the 100, and lost in space. The work was shop based carpentry, cabinet building, set construction and all interior finishing. I worked for one year and got my permanent member status but was offered a 5 an hour pay raise and O/T at Matkana and I needed to save as much as possible at the time.

2014-2015 New City Contracting

Vancouver

Title: Senior Carpenter / assistant superintendent

I was hired to train apprentices and install hardie siding for my first and second multi residential low rise town home project. My third project. I was foreman for a stucco steel stud structural upgrade to a multi residential condo building, managing a crew of laborers, installers and sub trades. I left for an opportunity to work in film.

2009-2014 Local 1325 carpenters union

Title: carpenter and scaffolder

I started working as a carpenter but switched to scaffolding for the experience and better job security. . We were dispatched to work for PCL, Kiewit, Stuart Olsen, KBR energy, Flint energy.. I spent a lot of time in PLC and KBR mod yards rigging and running telegraphic forklifts. I no longer wanted to work in Edmonton so I moved to Vancouver

2004-2009 Gus Poirier Construction

Smithers BC

Title: Carpenter

1-4th year apprentice, I learned a lot from Gus he was an excellent mentor and I owe him a lot for giving me such a good work ethic. Company Was building homes RCMP stations and upgrades across northern British Columbia for the 4 years of employment. I Moved to Vancouver and to Edmonton to gain more construction experience.

EDUCATION

- Grade 12 diploma
- Journeyman carpenter
- Journeyman scaffolder
- Associate certificate in Construction Operations from BCIT
- Better Supervision certificate, Leadership of Safety Excellence certificate Safety certificates I've held:
- WHMIS, H2S alive, confined spaces, Transportation endorsement, wildlife awareness. First Aid level 1, CSTS, OSHA fall protection and Aerial platform.

INTERESTS AND ACTIVITIES

Science and technology, Building technologies. inventing and business. I am big into farming, agriculture, lumber milling and timber framing. Love the forest outdoors trucks and toys. Fishing, hunting, dogs and spending time with my wife and 3 month old daughter.
