U.S. BASED STUDENTS

Apply to MPC Online

Students may apply for admission by filling out an online application. The application process is free and without obligation. Our application is hosted by Open CCCApply and supported by the California Community Colleges Chancellor's Office. To begin the application process, follow these simple steps:

Step 1: Create an account or log in to Open CCCApply. New users will need to create an Open CCCApply account and returning users sign into Open CCCApply with their account username and password. The username and password for Open CCCApply is different than the username and password used for MPC's student portal (WebReg). If you experience problems logging into OpenCCC Apply, please call 1-877-247-4330 or email support@opencccapply.net for assistance.

Step 2: Complete and submit an application. After creating an account or logging into Open CCCApply, you will be prompted to click on "Submit an Application". Answer all questions to the best of your ability and be sure to click the "Submit" link at the end of the application. If you have any questions, please contact Admissions & Records. Additionally, if you receive assistance applying online, we encourage you to come to the Admissions & Records office so that we may help you on one of the computers in the lobby.

Step 3: Review your welcome email. Welcome emails are received within 5-10 minutes after submitting the application to MPC. The Welcome to Monterey Peninsula email will include your new OpenCCC ID number, information relating to registering for classes, and important notices. If you do not receive this email, contact Admissions & Records or sign into your Open CCCApply account to view the status of your application.

Application to College

Before applying to college you must first have an OpenCCC account.

The OpenCCC single sign-in account allows you to access the online services of the California Community Colleges.

OpenCCC is a service of the California Community Colleges Chancellors Office. The information in your account is kept private a

[Create an Account](#)

[Sign In](#)

Note: OpenCCC is a new systemwide account. Accounts from our previous application system are not available.

Follow the prompts to either create your new account or update your existing one. If you create a new account, you will receive an email from support@openccc.net that will include your new OpenCCC ID number.

Save your OpenCCC logon and password credentials. If you should apply for any other Community Colleges in CA, you will be able to use them for this system.

Next, the system will direct you to fill out the Application for Admission to MPC College. If you are asked to choose a semester, enter the one as instructed or the current semester. If you are asked for a topic of study, choose one closest to the class in which you are enrolling. Review the application and submit. You will receive a confirmation page with the following information:

Your application for admission has been submitted to MPC College. Thank you.

NEXT:

Print or save a PDF version of the confirmation page for your records.

Within 72 hours, you will receive email communication from the college regarding your admission and registration.

If you do not receive it, check your Spam folder. You will receive welcome information for a new account, as well as a college ID number.

Upon receiving it, provide the **COLLEGE ID NUMBER**, along with the OpenCCC ID number, to South Bay Regional via [this form](#).
