Palms #1206-7
Providenciales, Turks and Caicos Islands, BWI

Pam has served on the STRATA Board for the last four years both as a board member and as treasurer in 2013. She is excited to continue to serve on the STRATA board. Pam spends a considerable amount of time at the Palms and believes that she can be an excellent interface between owners and the STRATA Board. Pam is very focused on the value of each owner's investment and believes we should all have an opportunity to share any questions, comments and/or concerns. She has the knowledge, personality, time and ability to represent all the owner's interest and enhance both the value as well as the ambiance of the Palms.

Pam has an extensive background in administration and had financial responsibility for a medium sized family business in the private label garment manufacturing field for over 25 years. Though the company name is unknown to many, the products made directly in Canada at their factory, have been used world wide - most notably in the Olympic games. Pam was directly responsible for creating and implementing all tracking systems for the various departments in the company and she dealt with all payments to and from the company as well as payroll. Her outgoing and positive attitude and personality has helped foster long-lasting and meaningful relationships with employees, vendors and clients alike whereby she was able to make strategic and beneficial business decisions in a professional and timely manner.

Pam and Barry currently reside and are retired in Toronto, Ontario, Canada. They have 2 children, Erica and Daniel who, along with their families, spend a considerable amount of time on the island as well. Pam and Barry are often living at the Palms for at least 3 months of the year. They fell in love with the island and purchased their unit 2 years before it opened as they felt it was an outstanding investment opportunity. They have been known to travel to far off lands discovering new cultures and meeting new friends.
